

Prophetic Word – Coming Storm schedule to hit fall 2007, Greg Lancaster Jan. 1, 2007

The Lord began to speak to me about a coming storm. He didn't give me too many details, but He did tell me that we needed to prepare. In addition, He didn't tell me exactly how to prepare. He began to burn in my heart a desperate need to tell certain people to prepare so that we could be ready and available to help others. If we were not prepared when the storm hit, we'd not be any use to those in need. Being prepared would make us available to minister to others and advance God's Kingdom.

So I began to prepare for 90 days of provisions in case things were not available and others began to do the same. I had spoken twice before our county government and each time God did something powerful. The first time I spoke about the prophesy of Malichai 4:5-6 and that God was wanting for the fathers hearts to turn to the children and the children to the fathers or else He would smite the earth with the curse. I asked for the five county commissioners open support and affirmation towards what God was doing. Only one gave me his support and even an interview to share publically it was good thing. The other four were removed in less than a year by the Governor of our state for illegal practices. One of them told me that they don't support things like I was saying. The others ignored me, or didn't follow through.

The next time I spoke before them was on June 1, the beginning of hurricane season in Florida, and God impressed on my spirit to ask Him to withhold hurricanes from the Gulf of Mexico that season. That might not sound like a big thing to most, but for those who are on the gulf coast and Florida who had just experienced five hurricanes including Ivan and Katrina it was a powerful request. God did just that. Not one hurricane entered the Gulf of Mexico that season.

And finally, in May 2007, God impressed on me to speak before the leaders of the county and tell them that this storm was coming and it was to be in the last quarter of the year. I obeyed and even came back in September of 2007 to tell them again right before it hit. No one heard it. It was like speaking to a brick wall. Of course I wish I had delivered it stronger and more clearer. Then September 2007 Allen Greenspan, former Federal Reserve Chair, said "A perfect financial storm has hit America..."

Now October 16, 2008 right at a year later \$83 Trillion dollars has evaporated from the American economy and the entire world is in economic crisis.

God is speaking to us. Lets apply His word to our hearts. God's people holds the key

2 Chronicles 7:13-15

"When I shut up the heavens so that there is no rain, or command locusts to devour the land or send a plague among my people, if my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from heaven and will forgive their sin and will heal their land. Now my eyes will be open and my ears attentive to the prayers offered in this place.
